2024 Amigo Bike Michiana for Mennonite Central Committee (MCC) Sponsorship Form

Please consider supporting the Amigo Bike Michiana for MCC program in raising funds for MCC's "Water for the Future in Bolivia" project. This project invests in infrastructure and conservation in and around Potosí, Bolivia. This is a cooperative program with Amigo Bike Michiana participants, Amigo Centre, and MCC. The results of this fund-raising ride over the past 20 years have been GREAT! We have seen God's hand working through the riders and the support personnel.

Amigo Bike Michiana

Amigo Bike Michiana will bring together bike riders from the Great Lake region and beyond. The riders will be able to enjoy the rolling countryside of Southern Michigan and Northern Indiana as they raise money for MCC.

Your sponsorship of \$150.00 (or more) will go directly to supporting this project. Your logo will be imprinted on the back of the t-shirt that each rider will receive.

You are welcome to join us Saturday evening for the presentation about the Water for the Future in Bolivia project if you are interested. It will take place on September 14th at 7pm. If you plan to come, please let us know.

Please make your contributions payable to Mennonite Central Committee. Send payment and sponsor form to Amigo Centre, 26455 Banker St, Sturgis, MI 49091, by August 1, 2024

Thank you for your support,

Jessica Weseman,
Amigo Centre Executive Director

2024 Amigo Bike Michiana Sponsor Form

Benefitting MCC Great Lakes

The Bike Michiana project this year will raise money for MCC's project, "Water for the Future in Bolivia.". MCC is working to pipe spring water from the mountains for household use and irrigation, for families in the area of Potosí, Bolivia, where water shortages are a very real threat. Gifts to MCC will also support local conservation efforts like tree planting. Investing in this community helps to protect water sources and land, while reducing the need for people to migrate. Protecting areas at high altitude above natural springs also helps to ensure that communities have sufficient water.

There will be a program on Saturday evening that will include a presentation about this project by Nathan Toews, who has spent the last 5 years working with this project in Bolivia. This program will take place in the lower level of the dining hall on September 14th at 7pm and all sponsors are invited to attend.
